FROM THE DIRECTOR PRINCIPAL'S DESK

Dear Parents,

Welcome to the Elpro International School!!

At Elpro International School, we are dedicated to fostering next-generation leaders who will make a meaningful impact on the world. Guided by visionary educators for over a decade, we focus on shaping critical thinkers and empathetic innovators. Our approach encourages students to explore new ideas and perspectives, setting them apart through their ability to innovate and make unconventional choices.

Education at Elpro goes beyond textbooks; it is a lifelong journey of transformation that informs thoughts and actions long after graduation. We place students at the heart of the educational process, blending global learning standards with cultural consciousness and respect for heritage. Our pedagogy includes academic rigor, experiential learning, vibrant events, and exposure to visual and performing arts, promoting holistic growth.

As India stands on the brink of significant change, Elpro is committed to preparing students with the knowledge, values, and skills to shape their destinies. We foster social consciousness, inclusivity, ethics, and holistic well-being, nurturing compassionate and innovative leaders.

I warmly welcome you to the Elpro family, where every child is empowered to achieve personal excellence and embrace a world of opportunities. Together, let's embark on a journey to build a proud future.

Warm regards,
Dr. Amrita Vohra
Director Principal
Elpro International School

FROM THE HEAD OF THE SCHOOL

At Elpro International School, Chinchwad, we see education as the careful shaping of intellect, character and possibility. Over the years, the school has grown into a dynamic learning community where academic rigour is complemented by creativity, global exposure, leadership, sport, the arts and meaningful engagement beyond the classroom.

Our diverse academic pathways across CBSE, Cambridge and the International Baccalaureate allow learners to discover the environment in which they can thrive, while a strong culture of inquiry, interdisciplinary learning and student agency encourages them to think with depth and act with confidence. At Elpro, success is not measured by results alone, but by the ability of our learners to question intelligently, communicate effectively, collaborate with purpose and respond to the world with empathy and responsibility.

The strength of Elpro lies equally in its people. Our educators bring commitment, expertise and care to every learning experience, ensuring that students are challenged while also being understood and supported. Through academic opportunities, student leadership, global platforms, community initiatives and a vibrant co-curricular ecosystem, we endeavour to give every learner both the foundation to excel and the freedom to explore.

As we continue to evolve, our purpose remains constant: to create an education that is relevant today, resilient for tomorrow and meaningful for life.

Ms. Jyoti Sharma
Head of the School

“ I AM AN ELPROITE I AM INNOVATIVE! ”

“ Elpro International School customizes the learning experience at different stages of a child's life, ensuring the academic curriculum that encourages curiosity. ”

Pre-Primary Wing - the Blooming Bud

Elpro First Steps is dedicated to nurturing essential skills such as language, mathematics, motor development, and mind-body coordination. By blending the best of preschool and Montessori practices, it creates an age-appropriate learning environment that fosters self-esteem, social interaction, and emotional well-being in a supportive and nurturing setting.

Primary Wing - the Junior Trailblazers

The curriculum in junior classes follows NCERT guidelines with innovative, research-based project-based learning, allowing students to apply knowledge across subjects like English, Hindi, Mathematics, and Science in real-life contexts. Unique delivery methods, including demonstrations, presentations, and various activities, enhance student engagement and understanding of both curricular and non-curricular subjects.

Secondary Wing - the Aspiring Achievers

The Academic Curriculum in Secondary classes at EIS focuses on the holistic development of each child, emphasizing skills for daily living, community involvement, recreation, and employment, while offering the curriculum based on the Central Board of Secondary Education (CBSE), Cambridge Assessment International Education (CAIE), and the International Baccalaureate (IB) programs. Integrated studies, which combine diverse disciplines, foster a meaningful understanding of complex topics and enhance students' creativity, innovation, time management, and social skills through extensive research and interdisciplinary learning.

Senior Secondary Wing - the Future Leaders

At Elpro International School, we introduce higher-level subjects that allow for specialization in students' chosen fields, preparing them for college and fostering a commitment to continuous learning and self-development.

“ Every day is an opportunity for joyful exploration, full of engaging activities that teach me valuable skills and instill positive values. ”

“ I AM AN ELPROITE I AM THE CHANGE THE WORLD NEEDS! ”

At Elpro, compassion is at the heart of our "Willing Hearts" program, inspiring students to grow into empathetic individuals. Partnering with organizations like Goonj and SNEH Foundation, our students have led impactful campaigns, from literacy drives to disaster relief. Activities like the Youth Day Celebration and Pankhida, alongside initiatives in road safety and digital literacy, highlight their dedication to creating a better society. Through these efforts, our students embody the spirit of giving, lighting the way for meaningful change.

Pankhida & Youth Day Festival

"Pankhida and the Youth Day Festival are some of my favorite events at Elpro. Pankhida is so much fun—dancing with my friends while knowing that we're raising funds for important causes makes it even more special. And during the Youth Day Festival, I got to be part of a team that organized the entire event. It was amazing to see how we worked together to support charities and bring our school community closer. These experiences taught me that we can have a good time while making a real difference."

Green Drives, E-Waste Collection & Clothes Collection Drive

"Participating in the green drives, e-waste collection, and the clothes collection drive has been really eye-opening for me. With the e-waste collection, we learned how important it is to recycle electronics properly, and it felt great knowing we were helping reduce pollution. The green drives with Goonj focused on recycling plastic and protecting the environment, which I found super important. The clothes collection drive was also really rewarding, as it made me realize how much a small donation can impact someone's life. These initiatives have inspired me to be more conscious about my actions and their effect on the world."
